FROM THE SECRETARY’S DESK

Dear AOMSI members,

“Team work is the secret that makes common people achieve uncommon results!”

I would like to thank all the members for giving me the opportunity to serve as the General Secretary of this prestigious association. It gives me great pride as the Association's Secretary to present a brief report and the accomplishments of the association for the year 2016-17.

The previous office bearers have been successful to carve a niche for the association at the global forum and we have been really lucky to carry it forward. The year 2016-2017 has been an extremely successful year for the association in all aspects. The Head Office has been constantly striving to improve the work of the association and the office bearers are committed to the excellence of the specialty and the association. Tuning with the Go Green initiative, the Head Office has scraped off the use of paper and has switched to paperless mode of communication wherever possible.

This year too had its usual quota of conferences which was successfully conducted and received well by students and delegates.

The new office bearers are passionately driven and promise to work for the association to help it scale new heights!

Regards,

Dr. Pritham N Shetty
41st Annual Conference of AOMSI

Date: 24th, 25th & 26th November, 2016
Venue: Karnavati School of Dentistry, Ahmedabad

41st Annual conference was held in Ahmedabad under the leadership of Dr. Nimisha Desai (Organising Chairperson), Dr. Hiren Patel (Organising Secretary) and Dr. Neha Vyas (Scientific Chairman). The conference was well attended by more than 1600 delegates including post graduates from various parts of the country. The scientific educational forum brought many renowned International and National speakers together to share their experience and knowledge regarding the latest innovations and advancements in Maxillofacial Surgery. This conference has set a bench mark for all the future conferences of AOMSI. The surplus amount of Rs. 4 lakhs was the profit from this conference.

The Prestigious “Dr MSN Ginwalla” Oration was delivered by Dr. Paul C Salins on the topic of “Adventures in four worlds”

Best Scientific Paper (Ginwalla trophy) in the delegate category was won by Dr. Elavenil Panneerselvam.
**1st EC Meeting**

Date: 26th November, 2016   Venue: Ahmedabad

The first EC meeting for the year 2016-17 took place under the new President, Dr. R. S. Neelakandan. He welcomed the new Office Bearers and briefed about the plans for the year 2017. Various committees were formed. President requested all members to spread awareness about prevention of Oral Cancer. Mr Naren from Springer did a presentation on the position of our journal.

**February 13: International Oral & Maxillofacial Surgeons' Day**

The Head Office has received reports of various activities that took place all over the country as part of the OMFS Day celebration. AOMSI Head Office would like to congratulate each and everyone who took part in various capacities to make the event a successful one.

**OMFS day was celebrated all over country by many ways:**

- Screening camps conducted in college/clinic/hospital.
- Tree Plantation Drive
- Write-ups or advertisements about our specialty in local papers, newsletters or health magazines
- Talks or lectures at local IDA or IMA branches.
- Radio talks or television interviews
- Awareness about Oral Cancer and its prevention.
ORAL & MAXILLOFACIAL SURGEONS’ DAY CELEBRATIONS

The association recognizes its responsibility towards the environment. The growing worries of global warming because of deforestation sowed the seeds of this year theme for maxillofacial day celebrations. The association adopted the theme of "Planting a Sapling" to make the planet a little more cleaner and greener. We had active participation from various parts of the country with young surgeons and academicians committing themselves to the cause and making this event a grand success.
ASSOCIATION OF ORAL AND MAXILLOFACIAL SURGEONS OF INDIA
WORLD HEAD AND NECK CANCER DAY

We celebrated the 3rd World head and neck cancer day (WHNCD) on 27th July 2017. The 3rd WHNCD on 27th July was a resounding success. After 2 successive successful commemorations, IFHNOS have 133 events conducted in 36 countries in last 2 years. These events aimed to disseminate the knowledge related to prevention, early detection, affordable care, evidence based management, rehabilitation etc. This was achieved through a variety of programs such as Press conference, CMEs, rallies, street shows, awareness program, screening sessions etc. News Media showed tremendous response by giving impressive coverage and it consisted of TV shows, Radio interviews, Newspaper prints etc.

AOMSI shook hands with International federation of head and neck oncology at global level to participate in this very mammoth awareness program. we named this program as "AOMSI anti tobacco awareness program 2017".

AOMSI appeal to all its members to continue this event and create awareness.

These are some of the options that can be taken up as part of your CME -
- Educating the physicians on early diagnosis and current treatment paradigms,
- Awareness programs for the general public.
- Free screening for Head & Neck cancers.
- Interaction with cancer survivors and their families.
- Interaction with government and policy makers.

Lets join hands to save millions of people globally who suffer from delayed diagnosis, inadequate treatment, inappropriate rehabilitation and palliation

**An Initiative in Oral Cancer space**

GrowAyu has partnered with the Association of Oral & Maxillo Facial Surgeons of India (AOMSI) to set up **OncologiC**, a virtual tumor board for Head & Neck cancer treatment (launched this May).

This platform enables surgeons from all over the country to seek and receive a multi-disciplinary approach based treatment plan recommendation for their patients suffering from oral cancer, from a panel of experts identified by the Association.

This is expected to help several thousands of patients from all over the country, especially from remote areas, get access to better cancer treatment, giving the oncology care in India a much needed boost.
Punjab State Chapter of AOMSI organized the year’s first education program on “Orbital Reconstruction” at Country Inn by Carlson, Amritsar on 21st May, 2017. Dr Rudiger M Zimmerer, consultant Oral and Maxillofacial Surgeon at Hannover Medical School, Germany was the speaker for the event. A special dedicated session was organised for the Post graduate students - LEARN FROM MASTER. The programme was well attended by students and delegates and was a success.
Office bearers at the Head Office had a meeting with the State Secretaries to discuss about managing the accounts. There was a discussion whether State branches should be separately registered. All the State Secretaries who attended the meeting opposed the idea and decided to follow the new rule.

Member Registration for Central and State are to be collected on time.

The State Secretaries decided to publish only news letters. No separate Journals would be registered and no fellowship programmes to be started by any state.

Account no. 1 (central account)
Account no. 2 (state account) (Expenditure account)
Account no. 3 (state conference) (Profit from conferences)
PRESS NOTE

Association of Oral and Maxillofacial Surgeons of India ( AOMSI ) was deeply perturbed by the recent spate of events of violence against doctors. A press note was released regarding the same.

“We have been receiving news of man-handling of residents doctors in various government and Municipal Medical Colleges on a daily basis, from all parts of Maharashtra. They have not been condemned by any official ( minister / bureaucrat ) of the Maharashtra Government so far. Instead of providing adequate security to the resident doctors, the Government is coercing them and threatening them termination of their services. It is extremely difficult for these resident doctors to work in an atmosphere of fear.

We at AOMSI also request all the maxillofacial surgeons over India to wear a BLACK BAND today and tomorrow as a mark of protest and to stand along with our fellow colleagues at such troubled times.

AOMSI stands strongly behind our resident doctors who ensure services to all classes of patients round the clock at various private and government hospitals across the country “

At the outset I would like to thank all the previous editors whose hard work has brought our journal to be among the best in specialty journals worldwide. I took over as the new editor of JMOS after being duly elected to the post at the national conference of AOMSI at Ahmedabad in November 2016. There was seamless transition of the editorial management software of Springer (publisher of JMOS) from the previous team to the new editorial board. Three new associate editors were included as were some more high quality reviewers. In pursuit of our objective to improve the impact factor of the journal, two new sections were introduced in the journal, namely “Submissions to perspectives” and “Mini review.”

(a) Submissions to perspective: Perspective articles represent succinct opinion pieces that address various topics of relevance to oral-maxillofacial surgeons. These topics may include, for example, public policy, patient safety, health care or surgical trends, government actions, and commentaries on other subjects.

(b) Mini review: Mini reviews will cover the whole remit of the specialty and will provide up-to-date knowledge by a recognised expert in the field and are by invitation only. Word limits for the existing articles were also reset in line with the best practices followed in scientific journal publishing, so as to accommodate a larger number of articles in any one issue. A new Facebook page was introduced for the journal, highlighting the journal’s activities and engaging the readership, which has been very well received. Total number of articles submitted to JMOS till August 2017: 265 which is line with previous year’s figures. We are hoping to report highest ever submissions at the end of 2017. Total number of full text downloads till July 2017: 20825 (corresponding figures for 2015: 14169 & for 2016: 20095). Total Royalty for JMOS paid by Springer to AOMSI in June 2017: 1526184/- which is more than the royalty in any previous year which did not have any supplemental issue publications.

It has been decided to give away three JMOS best article prizes from the National conference in Nagpur onwards. This is a step towards encouraging authors and also making our journal the first preferred destination in scientific publishing in the specialty world over. Three issues of the journal have been published in 2017. Each issue was published in the first week of the first month of the quarterly cycle for the respective issue. Early online publication is believed to lead to higher download rates, thereby positively impacting the revenues as well as the impact factor of the journal. For ease of online access to the electronic version of the journal SMS’s were sent to the members with details of their user name and passwords.

We continue to move forward as a motivated team of efficient editors and dedicated reviewers. The goal is to strive for newer heights for the JMOS in the coming years.
TREASURER REPORT

Though the treasurer took over the office following the Ahmedabad national conference in November 2016, due to official procedural delays involving transfer of branch and change of signatories, actual functioning from the new office started only by March, 2017. This can be attributed to the official bureaucracy inherently associated with nationalised banks. I believe it underlines the case for transferring the account to a scheduled bank that would provide a better and personalised service. (Kotak Mahindra / HDFC / ICICI etc)

Currently we still function with a savings bank account which is against RBI guidelines for an association / society, and the bank officials have advised to maintain status quo till a directive comes to change the present system. Eventually we need to move to a current account that follows guidelines. A scheduled bank will ensure easier transfer of branch following change of office bearers; provide personal assistants for the treasurer and secretary (including cheque pick up / cash delivery etc) and also interest on the cash in current account.

Scheduled banks also have better internet banking services with multiple approval transfers for jointly held current accounts like ours, which will bring in better transparency in functioning.

Total amount in FD - 3.35 crores, Total amount in bank - Rs 33,62,996 /-
Advance given for Nagpur Conference - Rs 3,00,000 /-
Advance given for Chennai Conference - Rs 10,00,000 /-

The financial transactions of the association and duty of treasurer has increased many fold in the previous few years owing to the new activities that are being conducted by the association including fellowships, master classes, fellowship exams, gatherings in addition to the EC meetings, and so on. Moving on we should look forward to availing better banking services to ease the duties of office bearers who put in extra effort to ensure the smooth functioning of the association.

The audited report for financial year 2016-2017 will be circulated to all members before the annual conference.
The AOMSI Head Office has decided to honour the following legends with “The Life Time Achievement Award” for their outstanding contribution in the field of Oral and Maxillo-Facial Surgery during the 42nd National Conference, Nagpur.
