VOLUME 2

ANNUAL ISSUE

November 2015

## EDITORIAL

**DR. EAPENTHOMAS**

**Professor & Head**

**Dept of OMFS, Pushpagiri College of Dental Sciences, Thiruvalla, KERALA.**

**Mobile; +919447157317, E mail: [editor.aomsnewsletter@gmail.com](mailto:editor.aomsnewsletter@gmail.com)**

Dear Colleagues,

At the very outset, Season's Greetings to all of you from the editorial board of "Max-Facts" the E News letter of AOMSI.

With great pleasure we bring out annual edition of the AOMSI News Letter "**Max-Facts**" for this association year 2014-15. In this annual issue we have tried to compile the activities of the various AOMSI State branches in an effort to spread the message across the country that the AOMSI is active countrywide, contributing to the society and the members.

I wish to thank the members of the Max-Facts editorial board for their support and guidance. Special thanks to the national EC for entrusting us again with this responsibility especially President Dr.Sanjiv Nair and Hon. Secretary General Dr.Manjunath for their constant guidance and support. Regret for the delay in the publication of the newsletter due to unforeseen reasons.

We request all state branches to update us with your activities periodically @ [editor.aomsnewsletter@gmail.com](mailto:editor.aomsnewsletter@gmail.com) so as to publish Max-Facts regularly. Thank you all my dear members for the relentless support and encouragement given to the E-News letter.

The 40<sup>th</sup> AOSI conference in Amritsar is our next mega event. The editorial team wish the Organising team under the leadership of Dr Sumeet Sandhu as Organising Chairman and Dr Ramandeep Bhullar as the Organising Secretary and Dr Amit Dhawan as the scientific committee chairman all the very best.

We Request you all to register for the AOMSI National Conference at Amritsar and make this event a grant success. Wishing you all a memorable conference with lots of fun, entertainment, learning and making friends. Looking forward to see you all in Amritsar.

Thanking You,

For "**Max-Facts Editorial board**"

**Dr. Eapen Thomas. (Editor)**

## PRESIDENT'S MESSAGE

**Dr Sanjiv Nair**

**Professor & HOD, OMFS**

**Banglore Institute Of Dental Sciences**

**E mail: [snmaxfax@gmail.com](mailto:snmaxfax@gmail.com)**

Dear Colleagues,

The last one year went by like a whirlwind. The preparation for my tenure as President of AOMSI was mentally chalked out when I got elected as President Elect in Bhubaneswar.

Every year the AOMSI charts out activities for the benefit of it's members. Differing from the well-trodden path I deemed it necessary to improve and build on the image of maxillofacial surgery amongst the general public. To educate them about the scope of the speciality.

Thus was conceived **Face it-** a video that aptly showed the consequence of irresponsible road etiquette. A video that shocked and saddened the viewers about dangerous road behavior. By producing and promoting this video, as an association we were highlighting our role in management of trauma and establishing guardianship of head and neck trauma. The video was successfully used to educate new road users i.e school and college students. There has been great enthusiasm by the educational institutions in allowing the promotion of the video, however members have, I am disappointed to say shown a lukewarm attitude. It is still not too late for every active member to adopt few institutions in their vicinity and promote the video along with a power point largely explaining the role of the maxillofacial surgeon in facial trauma. This will pay rich dividends to the future of our speciality in India.

Year on year hundreds of maxillofacial surgeons are made. Some well trained and some not so well. Using the existing resources in our association, we zeroed in on credible training centers and candidates who would mutually benefit with further training. A dozen centers around the country were identified for **paid fellowship in Trauma and Orthognathic surgery**. The program has begun and will surely run successfully resulting in value addition for its members.

Attempts are being made to revisit our curriculum. To make it more inclusive going by the nature of the speciality itself. This then will be implemented in the MDS program with the help of our statutory body. Special interest groups have been formed to identify problem areas in the speciality. The association has had brain storming sessions on the way forward for the speciality.

Much has been done. Much needs to be achieved. Keeping the future of our speciality and its members, AOMSI is constantly evolving. Future executives have a tough task on their hand to keep improving the value of AOMSI for the sake of its members. For it is the members that form this great association.

**Dr Sanjiv Nair, President Elect, AOMSI**

## HON.GEN.SECRETARY'S MESSAGE

**Dr. MANJUNATH RAI**

BDS, MDS, MOSRCS(UK), LLB, PG dip. in Medical Law & Ethics.

**Vice Principal,**

Professor and Head, Dept. of Oral & Maxillo-Facial Surgery,

K. V. G. Dental College & Hospital,

Sullia-574239, Karnataka

[www.raidentalclinic.com](http://www.raidentalclinic.com)

Dear Colleagues,

Season's Greetings!

*"Everything with a beginning has an end."*

The Head Office of AOMSI has almost come to the end of another eventful year, and it has been an honour for me to preside with a team as fabulous and dedicated as the Office of 2014-15.

**"Max-Facts"**, has done a commendable job by making the members know about the activities of AOMSI.

The year witnessed AOMSI endeavors going global with the **IAOMS** adapting Feb 13<sup>th</sup> as **World OMFS Day**. **"Face-it!"** campaign contributed to awareness of Road Safety Measures and our specialty to the masses.

The academic front saw conventions and conferences in magnificence. The midterm conference at Vijaywada was met with an incredible response and the 1<sup>st</sup> batch of AOMSI fellows in Trauma and Orthognathic surgery were deputed to their respective centers.

The term also saw the first AOMSI Faculty training Workshop was conducted and I would like to thank Dr. George Varghese and Dr. Eapen Thomas for their hard work.

Our efforts in keeping the Journal of Maxillofacial and Oral Surgery up to the international standards are being recognized and our membership has also grown in leaps and bounds.

But in Robert Frost's words,

*"The woods are lovely dark and deep,*

*But I have promises to keep,*

*And miles to go before I sleep..."*

We have new horizons to explore and escalate our specialty to new heights with team-work !

Together we can and we will make a difference,

Sincere gratitude & regards,

**Dr. Manjunath Rai**  
Hon. Gen. Secretary, AOMSI

## MESSAGE FROM IPP

**Dr George Varghese,**

**Principal, Govt Dental College, Kottayam, Kerala.**

**Mobile: +919447021617, E-mail: [georgekunthara@gmail.com](mailto:georgekunthara@gmail.com)**

Dear Colleagues,

Another eventful association year is coming to an end. Under the able leadership of our illustrious President Dr.Sanjiv Nair and Secretary Dr.Manjunath Rai there was hectic activity through out the year. The release of the short film “FACE IT” on Oral &Maxillofacial Surgeons Day had been an landmark event conveying the commitment of the AOMSI to the society and the same time reminding that this fraternity has the ‘ownership of the face’.

This message is being penned down on 8<sup>th</sup> November (World Radiography Day), the 120<sup>th</sup> anniversary of discovery of x-ray by the German physicist, Wilhelm Conrad Röntgen in 1895. It was an accidental finding while he was experimenting with cathode rays. Two weeks later he took the first x-ray picture of the hand of his wife Anna Bertha. Seeing the picture of the skeleton of her hand she exclaimed “I have seen my death”. Today, Röntgen is considered the father of diagnostic radiology. In 1901 Röntgen was awarded the very first Nobel Prize in Physics. At the time of discovery of x-rays Roentgen will not have imagined how this will transform and revolutionarize the imaging technology in the years to come. His love for the humankind can be understood from the following remark, “Let this discovery be free for all. I am not going to patent it”. Had the modern day people who make discoveries and inventions think like that don’t you feel the cost of modern medical treatment would have been more affordable to the common man?

Looking forward to meet you in Amritsar for the 40<sup>th</sup> AOMSI conference.

With warm regards,

Dr.George Varghese

Immediate Past President AOMSI

ASSOCIATION OF ORAL & MAXILLOFACIAL SURGEONS OF INDIA

## INCOMING PRESIDENT'S MESSAGE

**Prof. Dr. David P. Tauro**

Facial Plastic & Reconstructive Surgeon  
"THE TAULINS CLINIC", Bangalore 560 037  
Mob: 91 98440 97878  
E-mail: [davidtauro@yahoo.co.in](mailto:davidtauro@yahoo.co.in)  
Web: [www.thetaulinsclinic.com](http://www.thetaulinsclinic.com)  
Dear Colleagues,

*Mixed emotions at the moment, never the less, I am indeed humbled and at the same time extremely honoured, as I muster the courage with just about a week to go before I resume office, to serve you all as President of the most elite professional organization of our country "The Association of Oral & Maxillofacial Surgeons of India" as it enters the 47<sup>th</sup> year of its existence. Needless to say that the growth and the metamorphosis the association has gone through since its inception in 1969 and from the time it was rechristened as AOMSI in 1985, has been a phenomenon that I have observed & experienced over the last 3 decades. The current scope of our specialty, much beyond the comprehension of our peers in allied specialties, is a testimony to our unparalleled progress. However, it is imperative that we do not get complacent about our accomplishments but rather focus on the path ahead that we need to tread on to further our ultimate goals & objectives.*

*It is important for us to realize that we are now a huge organization comprising more than 4000 members from 29 states and 7 union territories. However, this figure needs to grow further, that should transcend all boundaries for us to flourish as an established surgical specialty taking ownership of the face. I am sensitive to the responsibility that your overwhelming support puts on me to take our association to newer heights and point the younger generation of surgeons toward greater professional conquests.*

*Our specialty is today at crossroads, challenged by other specialties and worried about how its future would be. I also know how frustrated many of our young surgeons feel when the opportunities they so ardently seek are denied to them. Often, the path towards success even if you are talented is not easy. Yet, today India is a country of opportunities and hope. My predecessors, Dr. Neelam Andrade, Dr George Varghese & Dr. Sanjeev Nair, with their persistent efforts have rendered us all, sensitive to the great task we have at hand to make our specialty well recognized in our country. The fellowship programs that have been initiated in subspecialty areas have opened up great opportunities, and we need to build on these initiatives further.*

*The future progress & growth of our specialty depends not on our individual strengths but our professionalism, determined by our projection as a competent & an established surgical specialty that can offer better services in designated areas that meet the expectations of the public and are incomparable with that of the competitive allied specialties. Hence, further growth of our association over the next few years can only be accomplished by incorporating changes that will bring about palpable results in the future. The future of our specialty is determined by what we do today. The President can only be a driving force to impress, motivate and direct and I believe it is you as team members who can steer the association toward dominion. Wherefore, I invite you all to work in tandem as a cohesive force and make oral & maxillofacial surgery an enviable, dynamic and an indomitable specialty in the head & neck arena.*

**Dr. David P Tauro, Incoming National President, AOMSI**

## KARNATAKA STATE BRANCH

### MAXILLO FACIAL SURGEON'S DAY – “FACE IT CAMPAIGN”

Oral and Maxillofacial Surgeons was earmarked for road safety awareness. The AOMSI launched the project “Face it”. India is the accident capital of the world with over 60 % fatalities and 30% permanent disfigurement. Volvo, known for its safety standards actively participated in project Face It. The Maxillofacial society will continue to educate the youth and other drivers regarding the dangers of bad driving all through the year.

As guardians of Facial trauma the association took up the nationwide initiative and started the ambitious project of educating the young minds on risk free driving. It was launched in Bangalore by Dr. Ashwath Narayan MLA Malleshwaram along with the national President, Dr. Sanjiv Nair and Dr Pritam Shetty in MES College, Malleshwaram. The students were shown a documentary film along with a presentation by the surgeons on risks of irresponsible driving.

In another initiative facilitated by the ABVP, helmets were distributed to few students at RC Govt. College. Dr. Ashwath Narayan spoke about the importance of responsible driving and Dr. Sanjiv Nair highlighted the risks of bad driving etiquettes.

## OMFS DAY @ Govt.Dental College,Kottayam

Two programmes were held. The **first programme** was a public meeting for the general public, media and the students and faculty of the institution. Around 100 people attended the function. The chief guest of the function was Sri.Thomas Chazhikadan, Chairman, Kerala State Shops and Commercial Establishment Welfare Board and Ex-MLA.

Principal & Immediate Past National President AOMSI Dr.K.George Varghese presided. With the help of power point presentation viz. **"Face It"** he explained the scope of the specialty of OMFS and services rendered by the specialists. The main thrust was given to the management of faciomaxillary injuries and the role of maxillofacial surgeons in its management. Chief Guest Sri.Thomas Chazhikadan thankfully acknowledged the exemplary services of the OMFS department of the institution especially in the management of faciomaxillary injuries. He expressed his concern that the general public is not fully aware of the services of the specialists. Sri. Chazhikadan lauded the efforts of the national association to promote the specialty by way of observing the OMFS day as well the initiative taken by them for prevention of road traffic accidents. Following the address the chief guest formally released the short movie (documentary movie on road safety) produced by the AOMSI. He greatly appreciated the short film and congratulated the National President, Dr.Sanjiv Nair and Secretary, Dr.Manjunath Rai for the efforts taken to produce the educative film.

Sri. Thomas Chazhikadan, Chairman, Kerala State Shops and Commercial Establishment Welfare Board (Ex-MLA) inaugurating the **"Oral & Maxillofacial Surgeons Day"** celebrations in GDC, Kottayam. Sitting from left to right are: Dr. Koshi Philip (Prof & HOD Orthodontics), Dr. K. George Varghese (Principal) and Dr.L.S. Sreela (Prof & HOD Oral Medicine and Radiology)

**"Oral & Maxillofacial Surgeons Day"** celebrations in Govt.Dental College, Kottayam-A view of the audience

The **second programme** was exclusively meant for the patients who visited the institution. The power point presentation regarding the scope of OMFS viz. **"Face It"** as well the short documentary movie on road safety was continuously shown to them with adequate explanation. Their queries were answered.

The entire faculty in the department of OMFS took the leadership. A brochure regarding the scope of OMFS and the services rendered by the specialty was distributed to the public. The days programme concluded at 3 PM.

## TAMILNADU STATE BRANCH

The Tamil Nadu & Pondicherry state chapter undertook various diverse academic and social programs throughout the year. The Presidency was passed on To Dr. A. Thangavelu from Dr. Dineksh. Dr. Ramkumar S. represented the state in national Executive. The state secretariat was in Coimbatore(( Ganga Hospital) under the aegis of the Secretary Dr. Kannan Balaraman and Dr. K. K. Raja was the Treasurer.

The state members enthusiastically embraced the call of the Hon. National President, Dr. Sanjiv Nair's call to celebrate the Maxillofacial Surgeon's day with activities all over the state to promote awareness of the specialty and sensitise the public towards the effects of road accidents. Programs included lectures, presentations, cycle rallies, procession and CDEs in Chennai (Sri Ramachandra, Ragas, Tagore), Coimbatore ( RVS), Madurai (Velammal). The lectures were aimed at non dental personnel. The video released by the President was also played in all programs.

### MAXILLOFACIAL SURGEON'S DAY & ROAD SAFETY AWARENESS:

In Coimbatore, we went one step further and celebrated a year long Road safety awareness campaign in association with Rotary Clubs (RC of Coimbatore & RC of Coimbatore Texcity). The program involved reaching out to college (Engineering, Arts & Science)and school students all over the city to reiterate the importance of Road safety and increase the awareness about the speciality amongst them. A target of 10000 students was set and that was easily achieved.

### ACADEMIC ACTIVITIES:

The state was quite active in its academic endeavours. Apart from the annual conference which was held in June in Kodaikanal, there were symposiums and workshops all over the state as envisioned by the state President Dr. A. Thangavelu. The plan was to conduct workshops and CMEs across various regions of the state.

ASSOCIATION OF ORAL & MAXILLOFACIAL SURGEONS OF INDIA

# Max-Facts

e-news letter

The annual conference was held in Kodaikanal between 12th to 14th June 2015. The conference had distinguished Faculty including Dr. Nabil Samman from Hong Kong, Dr. Kishore Nayak both past Presidents of the International Association, the current President & Editor of AOMSI - Drs. Sanjiv Nair and Krishnamurthy Bonanthaya. The salubrious climate of the hill station proved to be an ideal setting for the deliberations and Elections of new set of office bearers. 120 participants including trainees and delegates took part in the deliberations. The Oration was delivered by Dr. B. Saravanan, Dean, GDC, Chennai.

The CMEs included a live surgical workshop on Advanced Implant techniques held at K.G. Hospital Coimbatore on September 6th. The workshop was organised by the Coimbatore study group and 2 cases were operated during the proceedings and the surgery was relayed live to an audience of 110 delegates.

An interdisciplinary symposium on Orthognathic Surgery involving OMF surgeons and Orthodontists was organised by the Pondicherry OMFS study group in Pondicherry on 19th and 20th September. It was a comprehensive CME on Orthognathic Surgery with a participation of about 200 delegates including trainees from both specialities.

## WORKSHOP

A cadaver workshop specifically aimed at trainees was conducted in APDC, Melmaruvathur by Dr. S. Sharma on 29th and 30th September 2015. This was aimed at trainees to help them appreciate access to facial skeletons ( various incisions like submandibular, subciliary, preauricular, bicoronal etc) and also neck dissection. About 110 trainees participated in the workshop which is henceforth being planned as an annual affair.

Upcoming events include a 2 day symposium on mistakes in Maxillofacial surgery ( MIMS) in December(11 & 12) in Madurai and the annual conference in Pondicherry next year.

GUEST LECTURE BY PROF. K.F. MOOS

LAMP LIGHTING CEREMONY

PROF. K. F. MOOS ALONG WITH MEMBERS OF THE TELANGANA AOMSI

In Hyderabad, the capital city, we conducted the Road Safety awareness programme in Aurora Degree and Postgraduate College addressing about 3000 members. It was coordinated by Dr. P. Bal Reddy honorable President of AOMSI Telangana Chapter, Dr. Nanda Gopal Vura honorary General Secretary AOMSI Telangana Chapter and Dr. J. Ramesh Reddy Vice President AOMSI Telangana Chapter. The invited dignitaries were Dr. Patnam Mahendar Reddy honorable Road Transport Minister for Telangana State and Mr. Ranganadh DGP Transport. Both the dignitaries shared their views and applauded the awareness programme. As the programme was to reach the common public, we conducted the programme for various specialties of undergraduates and postgraduates (MBA & MCA). There was a great response from the young students. Pamphlets about the traffic awareness were distributed and the video from the National Association was presented. We took it as an opportunity to project about the specialty and presented a brief presentation about the specialty. A lecture on the awareness was conducted.

In Mahaboobnagar, Oral and Maxillofacial Surgeons Day was celebrated under the guidance of Dr. Viveka Vardhana Reddy, of SVS Dental College, the AOMSI Telangana. It was conducted in JPN College of engineering and technology.

Bandyopadhyay, director General Dental Services, Indian Army. The main conference started on 22<sup>nd</sup> August with Lectures from senior members of the Army Dental Corps, such as Brig Sujit Kumar Bhandari, along with panel discussions by eminent surgeons including Dr. David Tauro. The highlight of the day was the Dr. Tajmal Hussain Oration delivered by Prof. Khursheed Moos, OBE, from Glasgow, who spoke on the past present and future trends in the field of maxillofacial surgery. Along with a few words from our chief guest, Lt Gen (Dr. TK Bandyopadhyay, the day also included presentation of papers by delegates and post graduate trainees as well.

On the second day, panel discussions were held and keynote lectures were delivered on various subjects. Dr. Sanjiv Nair, president of the AOMSI and Dr. Krishnamurthy Bonanthaya, consulting craniofacial surgeon, imparted some of their knowledge and experiences in their respective fields. Post graduate papers, delegate papers and post graduate poster presentations were concluded and the conference souvenir was released. The closing ceremony saw the panel formation for the latest office bearers of the Telangana AOMSI chapter. Around 350 postgraduates and delegates attended the conference was considered a huge success.
